## HYDRATED LIME A FERTILIZER

The Experimental Station Fur-  
nishes Some Information on  
the Subject.

A so-called "hydrated" lime, made  
under process upon which patents are  
claimed, is being pushed upon the  
market under the claim that it is a  
fertilizer and that, because of its  
peculiar manufacture, it will produce  
better results than ordinary lime  
when applied to the soil. The price  
asked for this lime is usually about  
ten dollars per ton.

A sample of this lime was produced  
last fall direct from the manufacture  
by the Ohio Experiment Station, and  
used at the rate of a ton to the acre  
on land that was being prepared for  
wheat. At the same time an ordi-  
nary builder's lime ground into a meal  
and costing, delivered at Wooster in  
car lots, \$4.02 per ton, was used in  
the same quantity and on adjoining  
plots of land, the preparation of the  
land and the seeding being identical  
for both kinds of lime. In the spring  
the whole tract was sown to clover,  
and a good stand was obtained.

The result of this test has been that  
in every case the lime plots have  
produced less wheat than those not  
limed, there being but little difference  
in the reduction in yield follow-  
ing the two kinds of lime. Follow-  
ing are the average yields:

No fertilizer, no lime (av. 2 plots)  
16.31 bushels per acre; no fertilizer,  
hydrated lime (1 plot) 14.62 bushels  
per acre; 27.43 bushels per acre;  
no lime (av. 3 plots) 27.43 bushels per acre;  
400 lbs. fertilizer, hydrated lime (av.  
2 plots) 27.73 bushels per acre; 400  
lbs. fertilizer, common lime (av. 2  
plots) 26.08 bushels per acre.

The clover now shows a fairly uni-  
form stand on all the plots. Where  
no fertilizer was used the lime has  
had no apparent effect upon the  
clover, but where fertilizer was used  
the growth of clover is somewhat  
stronger on the limed than on the  
unlimed plots, there being no precepi-  
table differences between the two kinds  
of lime in this respect.

In other tests made by this station  
where the common lime has been  
used on corn, that being followed by

SALE!  
The lime has produced a very  
slight effect on the corn crop unless  
manure or fertilizer had been pre-  
viously used; and even on clover the  
gain has been comparatively small  
until the land is first manured or  
fertilized; but where manure or fertil-  
izers carrying both phosphorus and  
potassium have been liberally em-  
ployed the effect of lime is to produce  
a most luxuriant growth of clover on  
land where, without lime, clover re-  
fuses to grow, no matter how liberal  
the manuring.

Our experience with lime to the  
present time may be condensed into  
the following statements:

1. Lime does not take the place of  
fertilizers or manure and the farmer  
who is led to so use it will be disap-  
pointed.

2. Lime is indispensable to the  
growth of clover on some Ohio soils;  
but before it can materially benefit  
the clover it must be preceded by lib-  
eral manuring, or fertilizing with  
materials carrying both phosphorus  
and potassium.

3. Lime may produce an increase  
of cereal crops on some soils, but  
only when used in connection with  
judicious manuring or fertilizing.

4. We have as yet no reason to  
believe that the so-called "fertilizer  
lime" now being pushed upon our mar-  
ket possesses any virtues not found in  
common lime.

PLEASANTLY REMEMBERED.

Mr. Adin Barlow and his wife re-  
ceived a pleasant surprise at their  
home on College avenue Monday  
evening. About twenty-five of Mr.  
Barlow's fellow-workmen at the paper  
mill, accompanied by their ladies,  
called upon him and his wife and  
presented them with eight beautiful  
wing-room chairs. An orchestra  
accompanied them and dispensed  
splendid music. Mr. and Mrs.  
Barlow served ice cream and cake  
to their guests.

## DEATH OF MRS. GREGG.

It will be a source of great sadness  
to the many friends of Mrs. Eleanor  
Gregg, wife of David A. Gregg, to  
learn of her death which occurred on  
Friday night at ten o'clock at her  
home on Lower Bellbrook avenue,  
Xenia.

Mrs. Gregg had been an invalid,  
suffering from paralysis and other  
complications, for the past four years  
and being rendered helpless and un-  
able to walk in all that time.

She was 75 years of age and this is  
the first break by death in the family.

Mrs. Gregg was born near Goes on  
March 1, 1859, and besides her hus-  
band is survived by a family of four  
children, as follows: Mrs. G. H.  
Marshall and W. B. and A. G.  
Gregg, all of Xenia, and Mrs. E. G.  
Lowry, of this place.

There is one surviving sister, Mrs.  
Julia Taylor, who had lived with  
Mrs. Gregg and has had the care of  
her in her illness. "Squire Samuel  
Galloway, of Xenia, and Mr. Harri-  
son Galloway, of Stroud, Oklahoma,  
are brothers.

The deceased was a member of the  
First U. P. church and a most excel-  
lent christian woman.

The funeral services were held at  
the residence on Monday afternoon at  
2 p. m. The burial took place at  
Woodland.

## PRIMARY CALLED.

A meeting of the county central  
committee was held last Saturday for  
the purpose of setting a time for a  
county primary to nominate a candi-  
date to fill the place made vacant by  
the death of Mr. Joshua Barnett.

The appointment for the unexpired  
term is left by law to the probate  
judge, auditor, and recorder, but  
these officials did not care to shoulder  
the responsibility of the appointment  
when there were so many different  
candidates. It is said that there  
were at least twenty applicants for  
the place and in this county with  
politics as it is, the ones to make  
the appointment would have encountered  
great danger from the different war-  
ring factions. The Central Committee  
met Saturday, October 1st as the day  
for the primary and at the same time  
will be held the local primary, over  
the county for the purpose of select-  
ing town and township officials.

## TEACHERS ELECTED.

held Monday evening at which time  
the board arranged for the change of  
some of the heating pipes for the  
furnace. O. M. Crouse was given the  
contract. The clerk was instructed to  
correspond with different firms for  
the putting up of fire escapes as provided  
by law. The school building is being  
put in good condition for the opening  
of school. An adjournment of the  
board was taken until Tuesday eve-  
ning at which time the vacancies  
caused by the resignations of Miss  
Alma Dobbins and Mrs. Willard Troute  
were filled. Miss Mary Sterrett will  
fill the place of the former and Mr.  
Frank Young the later.

## SPRINGFIELD FAIR.

The fifty-second annual Clark  
county fair has been the attraction for  
a number of our people this week.  
The fair this year is above the ordi-  
nary and when the prizes are all  
awarded the many Greene county  
stockmen will come away with their  
share. There need be little fear  
when the Greene county stock is  
shown in the ring but that things will  
go their way. The races of the week  
have been close and very interesting.  
The running races for Saturday will  
be the feature of the day and a large  
crowd will witness them. Purse to  
the amount of \$600 are up.

## NEW SUPERINTENDENT.

Col. Smith, who was recently  
appointed as superintendent of the O.  
S. & S. O. House at Xenia, has en-  
tered on his duties, succeeding Gen.  
Young. The change establishes a prece-  
dent that superintendents will here-  
after not allow state officials to make  
a play house of such institutions.  
While Gen. Young must suffer alone  
for the antics of the legislative com-  
mittee there is a degree of regret with  
many that the Governor has not taken  
steps to have the members of the crowd  
punished for their rash acts. Gen.  
Young will make his home in Toledo.

## CHANGE IN BUSINESS.

Mr. John M. Finney, Sr., has pur-  
chased the George E. Boyd restaurant  
on South Main street, and will take  
possession September first. Mr. F.  
will have for his business associates  
his two sons, John M., Jr., and Joseph  
A. Finney. Mr. Finney and his sons  
need no introduction to the citizens of  
Cedarville and vicinity, for they are  
well known and highly esteemed for  
their uprightness of character, their  
honesty in business affairs and their  
pleasing ways with all who have deal-  
ings with them.

Mrs. Finney will personally super-  
intend the culinary department, which  
is a sufficient guarantee that every-  
thing will be served "just like mother  
does it." It is safe to predict that the  
management will maintain the high  
standard of the restaurant established  
by Mr. Boyd, who has made it one of  
the most popular hosteleries in Greene  
county.

Mr. Finney and family have rented  
the dwelling adjoining the restaurant  
and will move into it the first of the  
month.

Roosevelt, and a chapter on the inves-  
tigations into the postal frauds.

of Mr. Conrad Gillaugh he was given  
a surprise by his children, there being  
four generations present. Those who

composed the jolly crowd were Mr.

Crow, of Dayton, Mr. Fred

## RAMSEY REUNION.

Mr. N. L. Ramsey has received  
word that the Ramsey reunion will be  
held at St. Louis Friday, August 26,  
at the Kansas building on the World's  
Fair grounds, the management of the  
fair having set that day as "Ramsey"  
day. The reunion is for all by this  
name whether it "Ramsey" or "Ram-  
say." The idea was formed by Mr.  
J. A. Ramsey, of Topeka, Kan., and  
each is supposed to furnish as much  
family history as possible.

## SLOW WORK.

Progress at the gas well has been  
rather slow this week owing to the drill  
being fastened on the hole. This was  
caused by the falling of the shale.  
There will be no more drilling until  
the casing is in place. It arrived  
yesterday from Pittsburgh and will be  
put in immediately. The well is now  
about four hundred feet deep.

## CONGRESSIONAL SITUATION.

What is Being Done Over the  
District Against the Regular  
Nominee.

The congressional situation has re-  
ceived new life the past week largely  
at the hands of the Hildebrand ad-  
herents and newspapers favorable to  
him. The trouble in several counties  
in the district as to the selection of  
chairmen and clerks of the election  
boards has caused the matter to be  
brought to the attention of Secretary  
of State Laylin, who has the power  
to settle all differences on these boards.  
The Hildebrand people have always  
put great confidence in this official  
hoping he would have the present  
Congressman's name put on the ticket  
in place of Judge Scroggy, who was  
declared the rightful nominee by the  
district board of elections.

The trouble in the organization of  
the several boards has all been caused  
by Judge Runyan, Democratic candi-  
date for Congressman against Judge  
Scroggy. He has caused a split  
wherever possible, hoping that the  
Republican ranks would be thrown  
into turmoil and through the efforts  
of the Secretary of State have Hilde-  
brand's name placed on the ticket.  
THE HERALD has the information from  
a reliable source that Judge  
Runyan has no hopes of defeating  
Judge Scroggy if his name is left on  
the ticket but that he can and will  
use means to defeat Hildebrand. The  
Democratic candidate has for several  
months done all that was in his power  
for Hildebrand and has worked equally  
as hard against Judge Scroggy.

Examples of this is found in the or-  
ganization of several boards when the  
Hildebrand and Runyan members  
traded votes to keep Judge Scroggy  
on the outside. There never was a  
time when the Democrats wanted  
Hildebrand as the Republican candi-  
date as at the present time. The  
association of Hildebrand with the  
Democrats has been evident since the  
meeting of the district board of elec-  
tions when Judge Scroggy was de-  
clared the nominee by a vote of 8 to  
4. Hildebrand only receiving one  
Republican and three Democratic  
votes.

The Stoop annual reunion and  
the annual reunion of the Cedarville  
club have been found in most all of the  
Hildebrand exponents is to the ef-  
fect that unless the boards of elec-  
tion in the different counties get to-  
gether the Secretary of State will re-  
appoint new boards. The dispatch  
also states that Congressman Hilde-  
brand was in Columbus and had a  
conference with Mr. Laylin and on  
these conditions the Hildebrand sup-  
porters have an imagination that the  
"iron hand convention man" will again  
go back to Washington.

## REFUSES TO PAY.

The Xenia township board of edu-  
cation have voted to refuse to pay the  
teachers their weekly salary during the  
institute, according to the ruling of  
the state school commissioner. The  
expense will be about \$200 and the  
board will wait until there is a test  
case in the courts. Miss Mary Mat-  
thews was elected as teacher in district  
No. 8 to take the place made vacant  
by the resignation of Miss Mary  
Sterrett.

## THE DIFFERENCE.

An exchange thus defines the differ-  
ence between a married man and a  
husband: "Husbands are a peculiar  
animal. All families have at least  
one husband among them, and hus-  
bands are quite different from married  
men. A husband has more authority  
in his own house than his wife's  
mother. A married man can't even  
call his pants his own. A married  
man sneaks out to the stable to smoke.  
A husband stalks into the parlor with  
cigar in his mouth and if his wife ob-  
jects swats her over the head with the  
family bible. Husbands were first in-  
vented for the amusement of the  
women folk. Married men were in-  
vented to be henpecked."

## Voice From Arkansas.

Cleveland, Ark., August 15  
(Special).—Nearly every newspaper  
tells of some wonderful cure of some  
form of Kidney Disease by the Great  
American Remedy, Dodd's Kidney  
Pills, and this part of Arkansas is not  
without its share of evidence that no  
case is too deeply rooted for Dodd's  
Kidney Pills to cure.

Mr. A. E. Carille, well known and  
highly respected here, tells his cure  
after nearly a quarter of a century's  
suffering. Mr. Carille says:

"I want to let the public know  
what I think of Dodd's Kidney Pills.  
I think they are the best remedy for  
sick kidneys ever made."

"I had Kidney Trouble for 23 years,  
and never found anything that did  
me so much good as Dodd's Kidney  
Pills. I recommend them to all  
sufferers."

There is no uncertain sound about  
Mr. Carille's statement. He knows  
that Dodd's kidney pills resound him  
from a life of suffering and he wants  
the public to know it. Dodd's kidney  
pills cure all Kidney ills from Back-  
ache to Bright's Disease.

Mr. Andrew Winter returned from  
his trip south Sunday morning after  
a brief stay in Vernon, Texas, and  
other points. Mr. Winter was the  
guest of Mr. and Mrs. D. S. Collins,  
and reports that he had an immense  
melon crop this year. Mr. Will  
Crawford and family who live near  
Vernon were also visited. Mr. Win-  
ter took a trip over into Kansas  
where he has some farming land.  
He reports that the World's Fair is a  
great show.

The Stoop annual reunion and  
the annual reunion of the Cedarville  
club have been found in most all of the  
Hildebrand exponents is to the ef-  
fect that unless the boards of elec-

## THREE DOLLARS FOR A VOTE

Was the Estimated Cost of the  
Special Election Held Last  
Saturday.

The special election held last Sat-  
urday for the selection of directors for  
the new district created from parts  
of Cedarville and Ross townships in  
Greene county and parts of Greene  
and Madison townships in Clark  
county, resulted in the election of  
the following persons: G. E. Jobe,  
C. F. Tindal for the short term and  
A. E. Wildman, W. A. McDorman  
and T. L. Calvert for the long term.  
There was no excitement about the  
polls only that which was caused by  
the judges and clerks. The election  
was of great importance despite the  
cost. An idea of the cost was fur-  
nished THE HERALD by the Board of  
Election at their last meeting. The  
cost in this county alone was about  
\$90, and it would be about the same  
in Clark county making a total of  
about \$180. There were only 61  
votes cast in the different precincts as  
follows: Madison 39, Greene 18, Cedar-  
ville N. 2, Cedarville S. 5, Ross 1.  
It can be seen, using the estimated  
expense of the election, that the average  
cost per vote was about \$3.

Greenfield, a sister, Mrs. Bertha, at

### Ladies', Misses' and Children's Shoes and Oxfords

start the Fall Trade with an absolutely CLEAN STOCK we prefer to clean out the summer stock at  
a sacrifice of all profit. Everything in our stock is clean and up-to-date, and WE STAND BACK  
OF OUR STOCK for good service. Remember that this is your opportunity to buy GOOD SHOES  
at factory prices. You can call and see us without fear of purchasing an inferior article, as our trade

Every housekeeper should know that if  
they will buy DeLance Cold Water Starch  
for laundry use, they will have not only  
the best starch, but a great deal more, too,  
because each package contains 10 oz. of  
full pound while all other Cold Water  
Starches are put up in 3-pound packages,  
and the price is the same, 10 cents. Then  
again because DeLance Starch is free from  
injurious chemicals. If your grocer tries to  
sell you a 3-lb. package it is because he has  
a stock on hand which he wishes to dispose  
of before he puts in DeLance. He knows  
that DeLance Starch is printed on every  
package in large letters and figures "10 ozs."

DeLance Starch is a great time and  
money and the annoyance of the iron stick-  
ing. DeLance never sticks.

## THE STATE FAIR AT COLUMBUS AN IMPORTANT OHIO INSTITUTION

IT IS THE CULMINATION OF YEARS OF EFFORT

The Forthcoming Exhibition To Open In All Its Grandeur and  
Completeness on Monday Morning, August 29  
To Continue Five Full Days.

The Equipment of the Grounds Ample and in Readiness for the Important  
Occasion, Which will be Enlivened by Many Features and Attrac-  
tions New to the People—A Splendid Opportunity for All  
to Attend at a Very Modest Expense For Rail-  
way Fare and For Every Accommodation.

The Ohio State Fair and Industrial  
Exposition, to be held at Columbus,  
Aug. 29, 30, 31 and Sept. 1 and 2,  
promises the greatest success in  
every particular, and especially in the  
important one of being in absolute  
completeness for public inspection, on  
the morning of the very first day.  
There can, therefore, be no choice of  
days for attending, because each day  
will be equal in exhibits and in ap-  
peal features and free attractions.  
A wise classification of departments  
and a well balanced prize list has at-  
tracted a wide scope of exhibitors,  
who will present their claims for su-  
periority, and the general construction  
will be most creditable to Ohio, and  
worthy of national attention.  
In the classification of departments,  
each year, necessitating constant in-  
crease of facilities, but all require-  
ments have been met by the board of  
managers, and the result of growth  
and expansion with the times, is seen  
annually at Columbus, in a modern  
general industrial exposition.  
Great attention has been given to  
public conveniences. Each of the ex-  
press companies have buildings on the  
grounds. A postoffice is established  
where the mails are received and de-  
livered promptly during the fair.  
There is telephone service throughout  
the grounds with direct communica-  
tion to each building. A check build-  
ing, which will give access of the main  
entrance is an accommodation highly  
appreciated. An emergency hospital  
is also provided, with doctors and  
proper conveniences for prompt atten-

great attention is given to farm pro-  
duction, fruits, flowers, agricultural  
implements, manufacturers' products,  
domestic manufactures, merchandise,  
music and the fine arts, while in live  
stock all the improved and recognized  
breeds of horses, cattle, sheep, swine,  
poultry and pet stock are represented.  
Ohio is possessed of elegant park-  
like State Fair Grounds, upon which  
have been constructed fifteen large  
exhibition buildings, and these make  
possible a great industrial exposition  
in the true sense of the term.  
This now important Ohio institu-  
tion is the culmination of years of ef-  
fort and the expenditure of large sums  
of money, in moulding grounds into a  
beautiful and inviting park resort,  
and the erection thereon of a class  
of very fine and large exhibition build-  
ings, imposing in appearance and  
complete in every detail for properly  
classified departments, and distinctive  
features in each.

The Ohio State Fair has avoided  
that confusion which prevails where  
shown in one building, and has pro-  
vided in the arrangement of exhibits  
in exclusive departments and classes.  
The fair management has provided  
for the convenience of the visitor  
with the opening of the season at Win-  
ona Lake, Mo., the sale of excursion tic-  
kets over the Pennsylvania Lines to that  
attractive resort in Northern Indiana began,  
has only increased their desire to return.  
On the hot sun, the tennis courts, the  
baseball or cricket grounds, the croquet  
field, or boating on the lake, fishing cam-  
ping, swimming, or attending recitals and  
lectures by world-famed personages in the  
auditorium—whatever the diversion may be,  
the associations are of that congenial sort  
conferred by good society. This resort is  
noted as the site of Winona Assembly and  
summer school, attracting teachers and  
Students from educational institutions of  
this and other countries.  
Fifteen-day and season excursion tickets  
will be sold from ticket stations on the  
Pennsylvania Lines during the summer.  
For information about fares and time of  
trains, apply to local ticket agents, or to

ger Agent, Pittsburg, Pa. Sept. 30d.

SECTION IN THE GREAT HORSE BUILDING — OHIO FAIR.

The best advantages for intelligent  
comparison and the highest educa-  
tional purposes.

The exhibition buildings contain  
about four hundred thousand square  
feet of exhibition space, besides  
which about ten acres of ground are  
planted in sections and lots for as-  
sessment to show machinery and  
other exhibits proper to be shown and  
operated on the open grounds.

The buildings of the Ohio State Fair  
Grounds have been favorably com-  
mented on throughout the United  
States, and many special committees  
from other state fairs, contemplating  
the improvement of their grounds,  
have visited the Ohio grounds for the  
purpose of gaining ideas in construc-  
tion and arrangement, and all such  
committees have pronounced the Ohio  
Fair equipment to be most complete  
for all the purposes intended.

Interest in the fair is annually in-  
creasing. The exhibits grow greater

The sale of an Ohio river pearl re-  
cently for \$5,000 recalls the "pearl-  
ring" craze that seized the Ohio river  
valley twenty-five years ago, when  
whole families turned out for an  
entire summer and scraped the river  
beds for "muscles" or fresh water  
oysters. These were taken out of old  
mill races by the wagon loads and  
many valuable prizes were found.

QUESTION ANSWERED.  
Yes, August Flower still has the  
largest sale of any medicine in the civ-  
ilized world. Your mothers and  
grandmothers never thought of using  
anything else for indigestion or "bil-  
lowness." Doctors were scarce, and they  
seldom heard of appendicitis,  
nervous prostration or heart failure,  
etc. They used August Flower to  
clean out the system and stop fermenta-  
tion of undigested food, regulate the  
action of the liver, stimulate the  
nervous and organic action of the sys-  
tem, and that is all they took when  
feeling dull and bad with headaches  
and other aches. You only need a  
few doses of Green's August Flower,  
in liquid form, to make you satisfied  
there is nothing serious the matter  
with you. You can get this reliable  
remedy at all druggists. Price 25c  
and 75c.

Still More Evidence.  
Bay City, Ill., August 8 (Special)  
—Mr. K. F. Henley of this city adds  
his evidence to that published almost  
daily that a sure cure for rheumatism  
is now before the American people  
and that cure is Dodd's Kidney Pills.  
Mr. Henley had acute rheumatism.  
He has used Dodd's Kidney Pills. He  
says of the result:  
"After suffering for sixteen years  
with rheumatism and using numerous  
medicines for rheumatism and more  
medicines prescribed by doctors, I at  
last tried Dodd's Kidney Pills with  
the result that I got more benefit  
from them than all the others put to-  
gether."  
"Dodd's Kidney Pills were the  
only thing to give me relief, and I  
recommend them to all suffering from  
acute rheumatism."  
Rheumatism is caused by uric acid  
in the blood. Healthy kidneys take  
all the uric acid out of the blood.  
Dodd's Kidney Pills make healthy  
kidneys.

## Your Heart.

When Your Heart  
Fails to Pump Your  
Blood, Trouble  
Results.

Have you heart trouble?  
You have, if you find it hard to breathe  
after walking up stairs, exercising, etc.  
If you have pain in your left side, in  
chest, back or shoulder. If you suffer  
from cold extremities, pale face, blue  
lips, dry cough, swollen ankles.

If you have fainting spells, breast  
pain, palpitation, redness of the face,  
discomfort in sleeping on one side.

The only scientific treatment for this  
whole train of troubles is Dr. Miles'  
New Heart Cure.

Dr. Miles' New Heart Cure is the  
prescription of a famous specialist,  
whose great success in treating obsti-  
nate nervous heart disease has made his  
name pre-eminent in the medical and  
scientific world.

The medicine will cure you. We know  
it. We want you to prove it. If first  
bottle does not benefit, your druggist  
will give you back your money.

I have for several years suffered at  
times with heart trouble. I got no  
benefit from any other medicine until  
I got Dr. Miles' New Heart Cure.

Three bottles of Dr. Miles' New Heart Cure  
cured me. I am now as well as ever.  
I got a pamphlet about Dr. Miles' New  
Heart Cure and thought I would  
try it. I have used it for several years  
and have had better health  
since. I can now do all my work  
without trouble. REV. JERRY HUNT, Pastor  
Central Church, East, Kansas.
